

# PREPARING A SKILLED WORKFORCE

NBS collaborates with workforce development entities who are actively providing training programs to displaced workers, individuals looking to upskill, and youth who are no longer seeking a high school diploma at a traditional high school. Technical skill assessments offered through NBS can be used to align training programs to validate trainees' skills and to prepare a skilled workforce for local industry needs.

## BENEFITS

Successful candidates can earn a **Workforce Competency Credential (WCC)** and **college credit recommendations**, both of which are valuable additions to a digital resume and helpful to those pursuing a college degree.

## ADMINISTRATION INFORMATION

- Over 120 Technical Skill Test Titles Available
- Employability Skill Options Offered
- Online Administration
- Remote Proctoring Options Available
- \$30.00 per assessment
